Rendezvous 2010

FRED GRANT PRESENTS

Thursday March 18, 2010, at the BCHC Rendezvous, Fred Kelly Grant will bring the Public Lands coordination process to us and Tuolumne County Supervisor Teri Murrison will contribute with “how to approach a county Supervisor” techniques. All Public Lands Chairs, Unit Presidents and interested persons are invited. The presentation begins a 9am. Fred has helped many Counties develop a coordination system with federal agencies which has continued to protect the property rights of private citizens. A donation of \$10 will help defray the cost of bringing Fred out from Nampa, Idaho.

Fred’s qualifications are outstanding. He graduated summa cum laude from the College of Idaho. He received a silver cup for the Best Oral Argument at the University of Chicago and graduated with his JD degree in 1961. After admission to the Maryland Bar he served as Assistant United States Attorney for the District of Maryland.

Fred has helped Counties to develop a coordination system with federal agencies which has continued to protect the property rights of private citizens.

Fred says: Local governments that have implemented “coordination” status with federal management agencies are successfully fighting erosion of private property rights in their communities. The “coordination” status is authorized by almost every federal statute relating to management of land, resource, and environment. All the local government has to do is formally accept the congressional invitation to “coordinate” and federal agencies have no choice but to agree.

Where county supervisor or commissioners, or the governing body of the particular taxing district, want to implement a coordination status, they can achieve that status by appointing a natural resource council which will put together the local plan and its priorities. They present it to the Commissioners/Supervisors for adoption, and then serve as advisors on natural resource issues to the governing board.

We cordially invite you to attend and assimilate this powerful tool that enables Public Lands Units to have a voice on their issues on an equal basis with federal agencies.

You won’t want to miss this one.

FOREST SERVICE VISIT FROM WASHINGTON D.C.

We are on the calendar with a tentative hold for a visit by Joel Holtrop, Deputy Chief, March 19, 2010 to address our rendezvous business meeting.

Kim Walton, Executive Assistant to the Deputy Chief states that we can look for a confirmation after the holidays. Kim has advised me that Jim Bedwell, Director, Recreation, Heritage, & Volunteer Resources has advised Mr. Holtrop to make the trip to our rendezvous. That’s a very positive and strenuous effort consideration by Mr. Holtrop. Joel and his staff are to be commended for their efforts in relationship building. As Mr. Bedwell stated in June, “let’s put the money into trail maintenance rather than suing each other.”

We have the opportunity for “public involvement” by pursuing the 501C(3) aspect. Tax deductible public funds education and trail maintenance is responsibly participating in one of the most expensive considerations in wilderness, namely trails. A 2005 Horse Council census by a reputable firm related that the equine industry contributes 101 billion, 536 million dollars to the total U.S. economy annually. Cornering a few of those dollars and working with the Forest Service and their dollar contributions is a win, win situation.

See you at the rendezvous, if not sooner.
Bruce De Mott

Rendezvous 2010

ALL EQUESTRIAN RIDE INTO THE 2010 BCHC RENDEZVOUS

An all equestrian parade from downtown Merced into the Merced County Fairgrounds.

Saturday, March 20th, 2010, saddle up and ride into the fairgrounds and see all the Backcountry Horsemen of California's fixin's. Come one, come all. If you have a parade ready horse, mule or donkey, pull a cart or carriage, come join the fun. We're proud of being horsemen and don't mind parading to show it.

You are cordially invited and don't have to be a member of Backcountry Horsemen to ride in the parade. Nor, if you are a Backcountry Horsemen and are busy with rendezvous doin's, then welcome folks as they ride up to the fairgrounds. We all love our saddle critters and can have lots of things to discuss or cuss about.

The staging area is at 16th & M, starting at 10AM. You may park your rigs in the parking lot and ride up the back roads to the staging area.

Here's the back roads route to ride horseback to the staging are. Ride across Martin Luther King Jr. Way and get on W. 8th Street. Ride down W. 8th Street to Canal Street and turn right. Then follow Canal, under the freeway, to the parking lots at W. 16th and Canal for staging. The only time you will ride all the way down Martin Luther King is during the parade. Otherwise, you must take the back roads discussed here.

If you are not a member of Backcountry Horsemen you must provide a certificate of additionally insured naming Backcountry Horsemen of California. Members that choose to ride must be covered by their unit insurance. Us equine folks are about something. Let's ride and visit all together.

Bruce De Mott: Parade Coordinator, 24838 S Austin Rd, Ripon, Ca 95366 209-599-2620 (h) 209-602-8529, Demott9@aol.com

Rendezvous 2010

Live Auction Mare Sylvia

My Silver Rider,(AKA Sylvia) is almost 3 years old. She is a 15 hand black bay. Her sire is AQHA champion Silver Gun. He is World champ Sr. heeling, Res. Champ Superhorse, Sr. Heading top 10, NRCHA Hackamore Classic Intermediate Open champ and Hackamore Classic open reserve champ. He is steel grey. Her breeding includes greats like Colonel Freckles, Freckles Playboy, Sugar Vandy and others. Here at the place, we just love her. She is intelligent and smart. She has plenty of go, but is sane about it. We have her lunging on and off line to voice commands, she's good with her feet, and does everything else a 2 year old should do. Such as load, clip, bathe, feet, lead... Sylvia meets you at the gate and tries real hard to get things right. What an athlete! As if this isn't enough, she is a conformational dream and just drop dead gorgeous. We will have her hauling and packing, weather permitting we will be on her! Thanks Dr. Mylon Filkins, for donating this beautiful girl!

Joy McCain and the gang at Mac's Place
